PROFESSIONAL BUSINESS GRADE TWO-WAY RADIOS

SR-3 - SSR3101

2 Watts 26 Channel Capacity • FCC Certified • UHF 450-470MHZ • Weight: 5.4 Ounces

Light Weight, Small Profile With Greater Coverage Capacity

Upgrade your communications with the **SR-3** Two-Way Radio. Radio communication allows for **greater accessibility** and **efficient coordination** in your staff, as well as decreased response times for your **resident's emergency needs**.

Easy to Carry

Radio can be worn for convenience with included lanyard or belt clip.

Flat-Rate Repair Service

If a repair is needed after the warranty period, it will be repaired for \$50.00.

One Year Warranty

Insures products are free of manufacturers defects.

LCD Screen

Channel, Volume, and other programmable feature can be easily viewed from the display screen.

Longer Battery Life

With a **1200mAh** rated Lithium-Ion Battery, your staff can operate the radios up to **12** hours before needing a charge.

Busy Channel Lock-Out

Ensures your calls will not be missed by preventing transmission of voice while the radio is receiving another signal.
